

LEVELLING MOUNT

Designed for injection molding and die casting machines.

Quantum IM™ Mounts are designed especially for **Injection Molding and Die Casting Machines**. The IM Mounts dampen both vertical and horizontal impacts found in reciprocating machines. These mounts meet OSHA requirements.

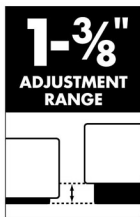

Injection Molding Machine Mounts provide optimum levelling and alignment in minutes, without anchoring the machine or the mounts to the floor.

- ▶ Stops machine 'walking'.
- ▶ Simplified installation.
- ▶ Fast, accurate alignment.
- ▶ Reduced shock and vibration.
- ▶ Uneven floors accommodated.
- ▶ High damping 'anti-walking' elastomeric pads.
- ▶ Pads totally unaffected by oil.

SPECIFICATIONS

MOUNT SERIES	LENGTH	WIDTH	HEIGHT*		ADJUSTING BOLTS	MAX. LOAD (LBS.)
			(min.)	(max.)		
IM-51	5.50	3.50	2.50	3.88	M12 thru M16	3000
IM-61	7.00	4.50	2.50	3.88	M16 thru M24	6000
IM-71	8.00	5.00	2.50	3.88	M20 thru M24	9000
IM-81	8.00	5.88	2.50	3.88	M20 thru M30	up to 16000
IM-101	10.00	7.88	3.25	4.63	M24 thru M42	up to 25000
IM-121	12.50	9.00	3.50	4.88	M24 thru M48	up to 35000
IM-161	16.00	12.50	4.50	5.88	M30 thru M56	up to 60000

Dimensions are in inches. *Top of mount housing to floor.
